Listening Texts

Model 1

Volunteering is a great way to help others. When you volunteer, you give your time to help people who need it. You can help a neighbor or work at a food bank. Volunteering makes you feel good because you're doing something kind. Helping others makes the community stronger and happier.

Model 2

Ali and his family love to go on adventures. Last summer, they went on a trip by raft down the river. It was an exciting experience. They saw many beautiful animals and plants along the way. Ali's favorite part was when they stopped to take photos. He feels excited about the trip and plans to visit other places in the future.

Model 3

I recently went on a staycation because it was easier to plan. I spent time exploring the local parks and even went on a walking tour. The city is close to the sea, so I also visited a few water parks. It was a fun and relaxing break, and I didn't have to travel a long way from home. It was nice to have a vacation without going too far.

Model 4

Social media can be fun, but we should use it carefully. Without privacy settings, it can be unsafe. Getting all your news from social media may give you wrong information. Spending too much time online can be bad for your health. Always keep your personal details safe and balance online and offline time.

Model 5

Being active is important for staying healthy. Regular exercise helps you stay strong and feel good. You should find something you like to do, like walking, swimming, or playing sports. Don't forget to stretch before and after you exercise. Eating healthy foods like fruits, vegetables, and proteins will give you more energy. Being active not only helps your body but also makes you feel happier.

Subject : Interesting Story I Read

Hi Hazem, I hope you're doing well! I recently read an intereting story. It is called "*Around the World in Eighty Days*". It is about a man named Phileas Fogg who makes a decision to travel around the world in just eighty days. He starts this adventure with his servant, Passepartout. Along the way, they face many challenges, including delays, storms, and even a policeman called Fix chasing them. Despite these difficulties, Fogg is sure that he will win the prize. They travel by train, ship, and even on an elephant! In the end, Fogg and Passepartout return to London just in time, winning the prize and proving that the journey around the world can be done in eighty days.

Yours,
Murad

"The impact of AI in our daily life"

Artificial intelligence (AI) has a massive impact on daily life. Algorithms and machine learning help streaming platforms personalize your homepage with suggestions based on your behavior, like movies or shows you watch. AI is also used in online shopping to show advertisements for items you like. This generation of teenagers and adults notices AI in gaming, research, and renewable energy projects. AI encourages better decision-making and improves systems, making life easier for humans. As AI continues to grow, it will change how we work, communicate, and live, offering new possibilities for the future.

8 Write a paragraph of EIGHTY (80) words on:

"How to learn in an eco-friendly way"

We can learn in an eco-friendly way by making small changes. We can walk, use bikes, or use public transport to get to school to reduce pollution. We can choose eco-friendly study materials like recycled notebooks and pens made from sustainable materials. We can take notes on a computer or tablet instead of using notebooks to reduce paper. We can study during daylight hours and turn off lights and devices when not in use to save energy. By making these simple changes, we can help protect our planet.

Helping out

I recently volunteered at a local animal volunteer program. I helped clean the monkey enclosure, feed the animals, and play with the cats and dogs. I helped make a cleaner and happier environment for the animals. I learned the importance of helping others and the joy of giving back to the community. It was a truly amazing experience. I will volunteer again next year. What do you think of it? Do you like it?

Many people think that when we learn, our brains make new brain cells. But actually, we create new connections between brain cells we already have. In fact, one brain cell can **connect** with up to 10,000 others.

In the past, people believed the brain "turned off" when we went to sleep. But with new technology, we now know that some parts of the brain stay active during sleep. Sleep is very important for learning because it helps us remember things better. In fact, people who get enough sleep can remember about 20% more than those who do not.

For young people, research shows that learning feels more interesting if **they** know how it can help them in real life. About 85% of students say they learn better when they understand why a topic is useful. So, it's important for teachers to explain why lessons are helpful.

Listening texts of sample tests on Units

✱ Listen and circle the correct answer from a, b, c or d:

⊙ Sample test on unit 7

I'm Amr. I'm fourteen years old. I was in Grade 7 last year and I enjoyed it. From my experiences I have some suggestions to help you learn. When you read a text, it is useful to underline new words or highlight them. I find it easy to remember the meaning of the words, but I find it difficult to remember how to spell them.

⊙ Sample test on unit 8

I'm Nabila. Today my grandma showed me some old photos of our city. It was a town back then! She could walk to the sea from her house - across fields! There were lots of green spaces, and it looked so peaceful in the photos. Now, there's hardly any open land left. It's all been taken over by construction. The population has grown so much that there are apartment buildings from here to the sea. I love my city.

⊙ Sample test on unit 9

We all feel sad when our friends move away. We really miss them. But we can keep in touch with them, no matter how far they live. To do this, we can send simple short messages to each other every day. We can have video calls. Talking face-to-face makes us feel like we're spending time together. We can play online games together. We can also ask our parents if we can visit them.

⊙ Sample test on unit 10

I'm Ramzy. I'm a student in a prep school. My dad thinks I spend too much time gaming. He changed the settings on my laptop so that it turns itself off after one hour. I understand that gaming can be bad for you if you can't stop doing it, but that's not what I'm like. I still enjoy going out and playing sports with my friends.

⊙ Sample test on unit 11

Driving cars is very bad for the environment. About 23% of all the world's carbon emissions come from cars. Vehicles that aren't electric don't use clean fuel and damage the environment. These vehicles can also cause health problems. We should use clean transportation as much as possible.

Many people think that when we learn, our brains make new brain cells. But actually, we create new connections between brain cells we already have. In fact, one brain cell can connect with up to 10,000 others. In the past, people believed the brain "turned off" when we went to sleep. But with new technology, we now know that some parts of the brain stay active during sleep. Sleep is very important for learning because it helps us remember things better. In fact, people who get enough sleep can remember about 20% more than those who do not. For young people, research shows that learning feels more interesting if they know how it can help them in real life. About 85% of students say they learn better when they understand why a topic is useful. So, it's important for teachers to explain why lessons are helpful.

If you want to be good at English, the best thing you can do is to build up your words. First of all, you should read a lot. You can read short stories, novels, magazines, … etc. As you read, you can guess the meanings of new words. If you cannot, then look them up in a dictionary. Another way is to watch movies in English. Keep a vocabulary notebook and write down a few words each day. You should revise them. In my opinion, to speak to people all you need is to use the words you learned. Practice makes perfect.

A. Choose the correct answer from a, b, c or d:

Model Test 1

I'm Abdo. I live with my family in a big apartment in Mansoura. Today, I spent the afternoon with my dad. My dad is a doctor. He was teaching me how to ride a bike. I was a bit nervous at first, but I really wanted to learn. I kept saying, "I want to ride a bike like all my friends!" At the start, my dad held the back of the bike so I wouldn't fall. I tried to pedal, but I almost fell a few times. I was scared but I didn't give up. My dad kept telling me, "It's okay, keep trying".

Model Test 2

I'm, Aida. I live in Mali. Today, I spent the afternoon with my grandmother who is from Senegal. She showed me how to make a necklace from different colored beads. The beads were very small and I kept dropping them which was annoying! I wanted to give up but my grandmother encouraged me to keep going. Her words made me think about how I always want quick results and don't spend enough time trying to learn something new.

Model Test 3

I'm Amr. I'm fourteen years old. I was in Grade 7 last year and I enjoyed it. From my experiences, I have some suggestions to help you learn. When you read a text, it is useful to underline new words or highlight them. I find it easy to remember the meaning of the words, but I find it difficult to remember how to spell them.

Model Test 4

I'm Retal. Today my grandma showed me some old photos of our city. It was a town back then! She could walk to the sea from her house - across fields! There were lots of green spaces, and it looked so peaceful in the photos. Now, there's hardly any open land left. It's all been taken over by construction. The population has grown so much that there are apartment buildings from here to the sea. I love my city.

Model Test 5

I live in Galala City, and it's beautiful! Last year, we didn't want to go away, so we had a staycation! We went on a walking tour and saw the historical sites. We saw the water parks and the boats, as well as new cable car. It has views over the mountains and the Red Sea! I feel that I learned lots of things about my city that I didn't know before!

Model Test 6

My name's Rawan. I'm from Alexandria. Lots of people in Alexandria use the tram to travel around the city. It's a great way to travel! It's easy to use and it isn't expensive. Trams are electric, so they are better for the environment than other types of transport. Some of the trams in Alexandria are unusual: they have two floors! I like sitting at the top and watching the streets below

Model Test 7

I'm Ramy. I'm a student in a prep school. My dad thinks I spend too much time gaming. He changed the settings on my laptop so that it turns itself off after one hour. I understand that, gaming can be bad for you if you can't stop doing it, but that's not what I'm like. I still enjoy going out and playing sports with my friends.

Model Test 8

The human brain is the most complicated organ in our body. The human brain is a very strong organ. It controls the working of all parts of the body. It also controls a person's thoughts and feelings. It allows a person to sense the outside world. The brain helps the

body to stay healthy and to respond in the right way to its environment. The brain of an adult weighs about 1.4 kilograms.

Model Test 9

My name's Elias. I'm from Austria. Last summer, I volunteered at the zoo every weekend, through our school volunteer program. I was so excited because I love animals, but I was also nervous about meeting new people. Everyone was friendly though. I started by feeding the monkeys. They were very playful! Here's a photo I took of them. I also helped clean the lions' enclosure. The lions were usually lying in the sun.

Model Test 10

Last year, my family and I decided to visit Cape Town in South Africa. It's famous for amazing landscape, the incredible Table Mountain. Cape Town has beautiful buildings. My mom bought some guidebooks.

Model Test 11

In the past, people believed the brain turned off when we went to sleep. But with new technology we know more facts about the brain. We now know that some parts of the brain stay active during sleep. Sleep is very important for learning because it helps us remember things better. People who get enough sleep can remember better than those who don't.

Model Test 12

Artificial intelligence is a type of technology that helps computer systems to do tasks that usually only humans can do. If you use streaming platforms to watch movies, you are using AI. Some people think that AI encourages us to spend more time online because of its suggestions for more things we can watch or listen to. But AI can also make learning fun and make our lives easier.

Model Test 13

People started planning green cities in Egypt in 2010s. The planners want to make them small to help people to travel around them without driving cars, The streets in these cities are quiet and clean. You won't hear any noise from cars. The new cities will have green spaces with grass, trees, and plants.

Model Test 14

Mark Twain was born Samuel Clemens in Missouri, in the USA. When he was four, his family moved to Hannibal on the Mississippi River. It was an exciting place to live, and it gave Twain the material for his books in later years. After his father died, Twain left school at the age of 12 to work and earn money. He had many different jobs before he started his writing career.

Model Test 15

Some of my friends spend all their time on social media. They think it's great. Their accounts aren't private and they're always sending friend requests to people they don't know. That's dangerous because these people could be adults and not teenagers at all. There are also teenagers I know who spend so much time making and uploading videos where they just look at the camera and make funny faces. I think that's terrible

Model Test 16

My name is Alice and I live with my family in a village in the UK. In my family, there's me and my sister, and our mom. Our grandparents live nearby, and we often all go for walks

in the countryside together. Our house is very new and modern - I call it our "green house" because it's made of recycled materials and has solar panels on the roof.

Model Test 17

My name's Lamees. Last week, I volunteered at the museum with my school history club. I love history and helping people, so I was excited! On Saturday, we arrived at 8:00 a.m. before the museum opened, and helped make some museum displays. Then the museum opened! I saw a group of younger kids who needed some help. I helped them draw pictures of their favorite artifacts. I was very happy at the end of the day

Model Test 18

Rana liked to play tennis after school and on the weekends. One day, something terrible happened. Rana was crossing the road when a car hit her. She had to go to hospital for many weeks. The doctor told her that she couldn't walk and she would use a wheelchair. Rana was very sad. Her father told her about wheelchair tennis. A year later, she joined the Paralympic tennis team and now she is a champion.

Model Test 19

There are many plans to build new green cities in Egypt. Most of them will be small to make it easier for people to travel around them without driving cars. The streets of these new cities will be quiet and clean. No cars can go into the center of the cities, so you won't hear any noise or breathe any dirty air. People can only drive their cars on the ring road around each city. There will be charging stations, bike lanes and running paths

Model Test 20

Karim has free time on Saturday. He called his friend Khaled to go shopping with him, but Khaled suggested going to the movie theater on Saturday. They agreed to see the new action movie. They are going to see it at Cinema El Shorouk in Sunrise Mall. They are going to meet at the entrance to the mall at 3:00 p.m. The movie starts at 4:30

Do you know that we only use about 10% of our brain? In fact, this is not true. Here are some amazing facts about our brains: Many people think that when we learn our brains make new brain cells. But actually, we create new connections between brain cells we already have. When we sleep some parts of the brain stay <u>active</u>. Sleep is very important for learning because it helps us remember things better. In fact, people who get enough sleep can remember about 20% more than those who do not. Finally, our brains have a habit of telling us that things we agree with are "facts". When we disagree with something, we see it as an opinion.

Do you know that you can help the environment when you study and learn? Here are some simple tips to make your learning more eco-friendly.

First, try to use less paper. Why don't you use a computer or tablet to make notes or to read books? This way, you save paper and help the environment. When you use the printer print on both sides of the paper to reduce waste. Also turn off lights and devices when you are not using them. Try to study during the day so you can use natural sunlight. This will help you use less electricity. You can use pens made from recycled materials and notebooks that use recycled paper. Finally, walk, cycle, or take public transportation to school, to help reduce pollution.

Once upon a time, two friends were walking in a forest when they saw a big bear coming toward them. One friend ran fast and climbed a tree to save himself. The other friend was too slow, so he lay down on the ground and pretended to be dead. The bear came close and smelled him. Since bears don't hurt dead animals, it walked away. After the bear left, the first friend came down from the tree. **He** asked, "Are you okay? What did the bear do?" The second friend answered, "I'm fine, but why did you leave me alone?" The first friend felt very sorry. From that day, the second friend learned that true friends help each other in hard times.

A school library is an important place for students, teachers, and staff. School libraries provide access to books, resources, and information technology. They play an important role in providing knowledge and developing social, educational, and cultural growth. Unlike other public and private libraries, school libraries support and enrich the school curriculum. Therefore, they affect students' academic achievements. They also support teachers and students, encouraging independent learning. These libraries are necessary for the educational and personal development of students, particularly fiction reading, which improves their mental, cultural, and emotional growth. In short, school libraries are necessary for the teaching and learning process.

1. My name is Ahmed, and I love helping at the community garden. Every Saturday, I go with my friends to plant flowers and vegetables. We water the plants with big cans. The garden has tomatoes and roses. My sister paints signs for the garden. It's fun, and we learn about nature. Last week, we picked ten tomatoes! Helping in the garden makes our town beautiful and green.

---

2. My family went to Hurghada last summer. We stayed in a big hotel near the sea. Every morning, we swam in the blue water. I saw colorful fish while snorkeling. My brother built a sandcastle on the beach. At night, we ate fresh fish at a restaurant. Hurghada is so beautiful! I want to visit again next year. It was a fun trip for all of us.

---

3. Last week, my class visited the Pyramids of Giza. The pyramids are very big and old. We took photos with a camel nearby. Our teacher told us stories about pharaohs. My friend Ali bought a small pyramid model. We ate koshari for lunch. The trip was exciting, and I learned a lot. I want to tell my family about the pyramids!

---

4. Next weekend, I'm excited about my plans! On Saturday, I will visit my grandma in the village. We will bake cookies together. On Sunday, my friends and I will play football in the park. My sister will bring her new kite. After that, we will eat ice cream. I love weekends because they're fun and full of happy moments with family and friends.

---

5. Yesterday, I helped paint the community garden. We painted the benches blue and white. My friend Sara drew flowers on them. We used big brushes for painting. The garden looks bright and clean now. My dad brought juice for everyone. It was a sunny day, and we had fun. Painting the garden made me happy because it looks bright and clean now!

---

6. My name is Sara, and I help the environment. Every Sunday, my school club picks up rubbish in the park. We use gloves to stay safe. Last week, we recycled plastic bottles. My brother plants trees to keep the air clean. It's fun, and we make our city better. I learned that saving water helps the planet too. Helping the environment makes me happy!

7. My name is Nour, and I use social media. Every evening, I watch fun videos on TikTok. My friends share photos on Instagram. I post about my school projects. My mom checks my phone to keep me safe. Last week, I learned a food recipe from a video. Social media is exciting, but I only use it for one hour. It helps me stay happy and connected.

Today, I spent the afternoon with my dad. My dad was teaching me how to ride a bike. I was a bit nervous at first, but I really wanted to learn. I kept saying, "I want to ride like all my friends!" At the start, my dad held the back of the bike so I wouldn't fall. I tried to pedal, but I almost fell a few times. I was scared but didn't give up. My dad kept telling me, "It's okay. Keep trying." After a while, my dad let go of the bike for a few seconds, and I rode a little by myself! I was so happy, and I was proud of myself. I fell once, but I got back up and tried again. In the end, I could ride for a few seconds without my dad's help. I think I learned that if you keep trying, you can do anything!

Do you know that we only use about 10% of our brain? In fact, this is not true. Here are some amazing facts about our brains: Many people think that when we learn our brains make new brain cells. But actually, we create new connections between brain cells we already have. When we sleep some parts of the brain stay active. Sleep is very important for learning because it helps us remember things better. In fact, people who get enough sleep can remember about 20% more than those who do not. Finally, our brains have a habit of telling us that things we agree with are "facts". When we disagree with something, we see it as an opinion.

Do you know that you can help the environment when you study and learn? Here are some simple tips to make your learning more eco-friendly.

First, try to use less paper. Why don't you use a computer or tablet to make notes or to read books? This way, you save paper and help the environment. When you use the printer print on both sides of the paper to reduce waste. Also turn off lights and devices when you are not using them. Try to study during the day so you can use natural sunlight. This will help you use less electricity. You can use pens made from recycled materials and notebooks that use recycled paper. Finally, walk, cycle, or take public transportation to school, to help reduce pollution.

Your city

I live in a big and beautiful city. There are many buildings, shops, and schools. My city has a big park where I play with my friends. There is a hospital, a post office, and a police station. The streets are clean and the people are kind. I go to school every day in my city. I love my city because it is safe and nice. I am happy to live here with my family and friends.
